SEASONAL CUSTOMERS: In order to better serve you, please telephone the clerk's office (315-686-5552) at least 48 hours in advance of the date you wish to have your service turned "on" or "off". THANK YOU!!

Effective July 1, 2000, all water and sewer customers (including seasonal customers) in the Village of Clayton are required to pay the minimum charge three (3) times per year. NYS law requires that the water fund and the sewer fund must be self-sustaining. That is, each of the funds is required to generate enough revenues to cover the expenditures required for debt service and operation. The minimum charge for each service generates enough revenues to cover debt service. This minimum charge is assessed to ALL customers. The "per thousand" charges generate the revenues which cover operating and maintenance costs (the day-to-day operations of the treatment plants). This amount will vary according to each user's consumption, and is billed accordingly. ALL CUSTOMERS WILL BE BILLED AT LEAST THE MINIMUM CHARGE EVERY FOUR MONTHS. In the event a building is demolished, or anticipated to be demolished, the customer should contact the Clerk's office to determine when such minimum bill will be discontinued and the effective date of the final billing.
