[speaker unknown]:
00:00 - 00:02

This conference will now be recorded.

- Norma

00:03 - 00:17

Thank you, Alicia. Good evening, everyone It's 5:30, we will open the meeting today, and John Condino is on the line, and he has some updates on REDI and on FEMA So if you want to take it over, John, and share with everybody, even good news.

- John Condino

00:24 - 00:25

It is good news. Norma, thanks. Yeah, actually, the FEMA project for the replacement of the wave attenuated dock system out there and the repair of the riverwalk. The good news is, is that we're actually able to, to finish up our draft Engineering Report. And Terry and I met with the FEMA site Inspector. A. Couple of weeks ago, a week before last. And he went through his formal Inspection process, which is a big step when it comes to getting these projects approved by FEMA. We've. Made a couple of revisions to that report, based on that site inspection, and expect it. That will be in their hands actually tomorrow. And The hope is is that they won't take too long for them to get it approved and We'll be on our way to being able to bid out that project in.

- John Condino

01:29 - 01:41

Yeah, actually complete what they're being about \$1.6 million project to replace the Wave attenuators system and repair that that riverwalk. So. We're in hopes that that'll be done and we can bid it out sometime this winter and get it all done.

- Norma

01:48 - 01:50

Will ... be on this too?

- John Condino

01:50 - 01:51

Yes, it will. Yes. Yep, that'll be included. But there's also the possibility of doing some repairs sort of staving overt Mary Street dock but that's yet to be decided the pending. How the REDI projects come out. Actually, I've already said it's a good segue into into those projects. We continued to advance the preliminary designs. And we actually are having some additional investigative work done. There will actually be a barge on site This week.

Village of Clayton Board Meeting Transcript
November 9, 2020

We'll be doing some borings for the Mary Street dock replacement. So again, that's, that's progressing. And I wanted to give everybody a heads-up, but. We are. Having a public information meeting via a webinar, of course, these days. That. Is next Tuesday evening, May 17th at 5 30. I know there's a link to it on the, on the website, on the Clayton Village website. Uh, so we ask all those that you are interested. To join. Us, and we'll give some pretty detailed updates on where we stand with all the REDI projects. And again, we're making great progress on those also.

- Norma

03:11 - 03:15

We'll have Joanne have Chris put it on Savvy citizen too, and in the paper.

- John Condino

03:15 - 03:18

Ok, that's good, that's good. And other than that Norma, I just wanted to make sure everybody, you know, get the good news, especially on the FEMA project, and also, hopefully, that they can join us next week for our public Information session.

- Norma

03:28 - 03:28

Surely. We should all be on that. We'll just remind everybody that the FEMA money is a match. 75 and we have to put in 25, so keep that in mind.

- John Condino

03:40 - 03:45

Yep, it is a 75/25 that they will reimburse 75% of that cost. My understanding is, there has been some discussion, although, I don't know where it's. Where it's going to go that, you know, there is a possibility that could be reduce some, but, but again, these days with what's going on with a COVID issue and everything and budgets. I'm not sure I'm hopeful about that. So, what we know now is it is a it is a 75% reimbursement program.

- Norma

04:08 - 04:10

Does anyone have any questions for John? If not mark your calendars, folks for the 17th. To be on their call, it'd be cool to see if we get any. I Noticed you were being hopeful having enough for 500 people to call in.

- John Condino

04:30 - 04:31

You never know.

- Norma

04:33 - 04:34

If you don't have any questions for, John. thank you very much, and we'll talk to you before the 17th OK, All right, thanks.

- John Condino

04:41 - 04:42

Thank you.

- Norma

04:44 - 04:49

Ok, Kevin's not here, Michelle, do you want to move forward with the police department?

- Michelle

04:50 - 04:52

Everything remains status quo. There have been a number of investigations. I noticed the number of mental health interactions have gone up. I'm not sure quite why, maybe it's the change of season. But that's something to be sensitive to and aware of. They don't seem to be coming necessarily from the house down the street, and I'm not sure if it's the same person, over and over again or if it's a variety of people, but that's all I have.

- Norma

05:21 - 05:22

Kevin's out sick. I did talk to him just a little while ago. And Wednesday's a holiday and he is not coming in tomorrow, so. Ok.

- Norma

05:30 - 05:32

Anyone have any questions for Michelle? Ok, oh, Terry, you're on.

- Terry Jones

05:40 - 05:41

Village of Clayton Board Meeting Transcript
November 9, 2020

Hi everyone. You have a copy of my DPW Activity Report. We're taking advantage of this mild weather. The guys are out picking up leaves. I've had several phone calls, um, inquiring about it. We will continue to pick up leaves as long as they're out or until we get a substantial snowfall, whichever may come first as, it's going right now, the leaves are really dropping quickly now so the boys were out full force today picking up leaves and they will continue probably throughout the rest of the week. I just wanted to reminder, the parking rules are in effect. They started on November first. I did put courtesy tickets on some vehicles that were parked towards the end of October. And obviously, it worked, because there are, like no vehicles anywhere parked downtown. And, if there are, there's a Straggler here or there. So, that definitely worked well, and I don't, I'm not sure. I think Kevin has written a few tickets, but nothing substantial, so, as long as everybody stays off the road, that'll make our job easy if it ever does snow. Um, I'd like to keep these temperatures all winter, but we all know that that's not gonna happen.

- Norma

06:56 - 06:57

Ya right. You be safer to have your boat out of the water if we do that.

- Terry Jones

07:02 - 07:04

Yeah, Put that away, too, So, that's for sure! Also, on the agenda, I wanted to ask, the Board's permission to use our floating holiday for the day after Thanksgiving. We typically do that, and, I believe, and we are all in agreement, and I am not sure about the water and sewer department, but if we could get your permission to take that extra day off.

- Norma

07:28 - 07:31

Now Wednesday isn't a regular legal holiday?

- Terry Jones

07:33 - 07:33

This Wednesday. Veteran's Day is.

- Norma

07:36 - 07:39

It is, so, you won't be work on this, Wednesday, either.

- Terry Jones

Village of Clayton Board Meeting Transcript
November 9, 2020

07:39 - 07:41

We will be here Wednesday.

- Norma

07:47 - 07:55

Ok, a couple of things, Terry, there won't be any official tree lighting this year. But, you're going to decorate the tree, right. Yes, we are, and we're hoping if we get caught up on leaves, we may attempt it towards the end of this week, be in the weather, so nice. We may start decorating the tree at Frink Park and doing some things down there if that's, that's if we can get to it after leaf pickup. Guys are hunting and I'm a little short staffed right now, but we're, everyone, but one will be back tomorrow so hopefully, we'll get caught back up here.

- Norma

08:27 - 08:41

The Chamber had a suggestion to make it the tree, red, white, and blue, so that they could use a white lights that would honor all the the citizens of the year, because they didn't have the normal Citizen of the Year Function, and they made a whole first responders, frontline people, and they were trying to make sense. So there would be a way to acknowledge them, and the blue for law enforcement and the red...Nobody's come up with anything specific for that, but maybe it. This is a good time to put Christmas, and everything together, and make it a red white and blue cushions.

- Terry Jones

09:06 - 09:13

That's that sounds good and I will touch base with Tricia at the chamber and see what they have for lights.

- Norma

09:15 - 09:16

She said that they have a lot of red, white and blue Lights. So.

- Terry Jones

09:17 - 09:18

Great, That'd be awesome.

- Terry Jones

09:18 - 09:18

Village of Clayton Board Meeting Transcript
November 9, 2020

Yeah, it. Would be.

- Norma

09:22 - 09:23

And you're going to burn the train down.

- Terry Jones

09:23 - 09:24

And the train is at the shop. We've been waiting for a rainy day to do some painting on it. We don't have Bobby here any longer to kind of do those kinds of things for us. We do miss him, but it's up to shop, and we will start painting on that. It shouldn't take long and I would bet the train will be at the station next week, sometime.

- Norma

09:42 - 09:48

I think we've gotta try to keep the tradition is closest we can in spite of everything and the news today, wasn't good. Like we're in for the worst two months of the whole thing, so. We've, just gotta stay focused and positive. Terry, I think you told me, but I didn't write it down. I think the decorations for the three entrance signs, are they at the Village Office.

- Terry Jones

10:06 - 10:07

Yes, they are, The guys. Got them. Several weeks ago, all you gotta do, or Laura, just have her give me a shout, and I'll make sure she gets them OK.

- Norma

10:15 - 10:16

Alrighty.

- Terry Jones

10:17 - 10:18

If you need help, just let me know.

- Norma

10:19 - 10:20

Ok, sounds good. Does anyone have any questions for Terry?

- Norma

10:27 - 10:28

So thanks a lot Terry.

- Terry Jones

10:28 - 10:29

Thank you.

- Terry Jones

10:29 - 10:30

Have a good evening.

- Norma

10:31 - 10:32

Thank you as well. Megan?

- Megan Ervay

10:35 - 10:36

Good evening.

- Norma

10:37 - 10:38

You're ready.

- Megan Ervay

10:40 - 10:41

I'm ready. Have you guys had a chance to review the OBG's Final amendment number 11? It was a last-minute thing that we got late Friday and the early this morning, the funding agency have Rural Development gave their approval. I wasn't sure if you guys have had a chance to even look at it yet. We kinda snuck around the agenda at the last minute. I looked at it and we've heard Obrien & Gere for five years and I'm ready to part company with them.

- Megan Ervay

11:16 - 11:17

Village of Clayton Board Meeting Transcript
November 9, 2020

Close them out. We looked at everything, looks good to go into issuing a credit for unused Funds. So, that'll go back into our contingency fund, as available monies that week. Trying to come up with some way to use here, in short order, so we can get this project close by the end of the year. But. It's been. Great, and send me a bunch of ideas and her way. Watiing on Approval from rural development, some of them so, I would like to request the, the village's approval for this OBG credit of \$24,659.95.

- Norma

11:59 - 12:01

When somebody make the motion, please.

- Michelle

12:02 - 12:03

I Would.

- Norma

12:04 - 12:04

Nancy? Ok, Michelle, can I have a second, please?

- Nancy

12:08 - 12:09

Nancy, I Second.

- Norma

12:10 - 12:11

All in favor.

- Michelle

12:11 - 12:11

Aye.

- Jeremy Kellogg

12:12 - 12:12

Aye.

- Nancy

Village of Clayton Board Meeting Transcript

12:12 - 12:12

Aye.

- Norma

12:14 - 12:15

Anyone, opposed? OK, you're good to go, Megan.

- Megan Ervay

12:20 - 12:21

Beautiful. And I guess, along the same lines, the water project, we did have the Department of Health come in last Tuesday for our official filter plant inspections, Everything went very well. They had no Concerns. They were happy with everything Guys, answered, other questions, without any issues. And they're gonna give us our certification to officially operate, giving their blessing now that it. Seems like we got a handle on the filter problem and everything else, so that was definitely separate right direction as far as positive water plant news. We still have to schedule tested, they come back and re-inspect the filter. Number one with their new are newly proposed over, worked on number two, haven't had any issues, no leaks, no problems. So, we are constantly moving forward on the last filter, ah, other than that. Last week the guy or on the wastewater end the guys were able to clean out our contact tanks. Took advantage of the weather and they are able to get it done. They've started the process of Winterizing all of our sewer pump stations and the wastewater plant for winter. Because, as you guys already said before, this weather is not going to last forever. So, colds coming but we are getting ready, but everything else was pretty standard as far as Wastewater goes.

- Norma

14:11 - 14:15

I'm not sure, Megan, that at our last meeting we brought to everybody's attention that we got the SPEDES permit for five years, so we're good there.

- Norma

14:19 - 14:20

Yeah.

- Norma

14:20 - 14:23

That's a great accomplishment to get there.

- Megan Ervay

Village of Clayton Board Meeting Transcript
November 9, 2020

14:24 - 14:29

And they have around limits for while we're doing the wastewater treatment plant projects. So we were going to be monitored, our monitoring did change slightly and that'll be starting this December. Overall was pretty straightforward.

- Norma

14:45 - 14:47

No word from T-Mobile?

- Megan Ervay

14:49 - 14:52

No no word from Joe either. I've tried to touch base with them twice. As far as what he recommends do we send them the Lease and we sent them a letter. And he said, no, but not the least, is, are we doing an insurance claim, or are we sending them some other type of legal action letter to go against them, man, I haven't gotten there yet. So I'll try and get the sleep, but we'd still definitely like to move forward with that.

- Norma

15:21 - 15:23

Does anyone have any questions for Megan? Is Erik back to work.

- Megan Ervay

15:28 - 15:38

No, when I touched base with them on Friday, he said he was still waiting for his case number from the Workers comp books and it looks like he got that today, perhaps. And he needed that before you can schedule an appointment with the doctor to get released back to work he said he was feeling overall pretty good, it's A little. Stir crazy at the house. So other than that he thinks he should hopefully be coming back sometime this week, but it's just going to depend on that. Doctors still when he get the doctor's appointments scheduled, so he's off for now.

- Norma

16:11 - 16:12

Ok, sounds good. Anything for Megan, anyone? If not, Megan thank you for your input.

- Megan Ervay

Village of Clayton Board Meeting Transcript
November 9, 2020

Wonderful, thank you, Have a good night.

- Norma

16:25 - 16:26

You, too. Ok, on the consent agenda: Do we have any questions for changes anybody wants to make? If not, can we have a motion for items 1, 2, 3, ya 1, 2, and 3?

- Michelle

16:43 - 16:44

So moved.

- Norma

16:45 - 16:47

And a second please?

- Steve Badour

16:48 - 16:49

I second.

- Norma

16:50 - 16:53

Second, from Steve. All in favor? Anyone opposed?

- Norma

16:57 - 17:02

If not all, three items are carried. On the capital projects any questions? If not, can we have a motion to approve the capital projects, item number 4?

- Steve Badour

17:14 - 17:15

I'll make the motion.

- Norma

17:16 - 17:18

Ok, Steve, do I have a second?

- Norma

17:18 - 17:18

I'll Second, Nancy.

- Nancy

17:19 - 17:19

Nancy. Thank. You. All in Favor?

- Michelle

17:24 - 17:24

Aye.

- Nancy

17:24 - 17:25

Aye.

- Norma

17:25 - 17:26

Anyone opposed? Ok, we got item 4 taken care of. Joanne, you're up.

- Joanne Lenhard-Boye

17:35 - 17:47

I just wanted to remind everybody that the annual meeting is set for December 7th and I'll be putting the Public Notice in the TI Sun that's OK with everyone.

- Norma

17:48 - 17:49

Yes, we have to do that and it's at 5:30 just like a regular meeting.

- Joanne Lenhard-Boye

17:52 - 17:54

Yup, 5 30. So that's coming up and then I have the resolution. For. The Clayton Floral Society planting shrubs in front of the Lions field fence and we'll need to do a roll call vote for that. Everybody received that resolution, Right, because I think I forgot and then send it out today?

- Norma

18:18 - 18:18

Yes.

- Michelle

18:20 - 18:25

Yes, I have a question first, is that going to block of the people who stand outside the fence.

- Norma

18:29 - 18:29

Yeah. It's in the State right away. That's why they've got our approval to do it.

- Nancy

18:36 - 18:39

Well, Michelle, I I wouldn't think so, because they're a hydrangea.

- Michelle

18:40 - 18:41

Ok, ok.

- Nancy

18:41 - 18:46

Norma, her question was, was it going to block anybody's view watching activities? But I wouldn't think it would have anything. Any problems. So I would make that motion.

- Norma

18:58 - 19:02

And we're going to do a roll call vote, please?

- Joanne Lenhard-Boye

19:04 - 19:06

Mayor Zimmer?

- Norma

November 9, 2020

20:03 - 20:04

Yep, I'll do that.

- Norma

20:09 - 20:16

One other thing, Joanne, while everybody's we're talking about the clerk here, you had asked for a couple of days off around Thanksgiving time was that the Wednesday before Thanksgiving.

- Joanne Lenhard-Boye

20:21 - 20:26

Wednesday before and the day after which is a floating holiday on Friday.

- Norma

20:26 - 20:32

So, I think we should put it in the paper that the Clerk's office will be closed those three days. You can put it on the webpage and savvy citizen.

- Joanne Lenhard-Boye

20:39 - 20:39

Ok.

- Norma

20:44 - 20:46

Ok, anything else for Joanne?

- Norma

20:53 - 20:58

Alicia, do you want to talk about these policies that we're trying to get through? What we want to do? Alicia.

- Michelle

21:14 - 21:15

She must not be there.

- Norma

Village of Clayton Board Meeting Transcript
November 9, 2020

21:16 - 21:16

Ok? Well, all three of these, We got the information that Alicia sent out, she's accumulated all the ones that we have. They were in all different places, different years. So she thinks that the best way for us to move forward to get them brought up today is to accept the ones that we have, all three of these. And then establish a committee. That will review all of this stuff so that we can have one comprehensive, operational, one on the employee handbook is pretty well drafted and one, then the fund balance Tina was going to Take another look at that. My understanding was, she was going to wait until after the AUD was finished this year, but I didn't hear anything that, I talked to a Friday and I haven't heard anything, so, but there's one more thing we gotta get done. So, the commodee side, if we could get some really two people to volunteer, I thought perhaps we would extend an invitation to Trustee Elect Joe Chrisman If he would like to participate in this. Because on the 7th of December, we'll know he'll be part of the board, so I don't know, you want to participate. Yeah, we talked a little bit about this on Saturday and you did expressing interest and I'm not sure if you're still interested.

- Joe Chrisman

22:52 - 22:53

Yes, yes, I would love to.

- Norma

22:54 - 22:59

Ok, so if Joe, we need one more committee person? Somebody want to step on.

- Nancy

23:02 - 23:03

Norma, I would I would be happy to be on the. Committee.

- Norma

23:06 - 23:10

Ok, so they're got Nancy and Joe, then Alicia and myself and we can put this together and get it over with. It's been hanging out there, way too long, OK, so is that OK with everyone?

- Michelle

23:23 - 23:25

Sounds perfect.

- Norma

Village of Clayton Board Meeting Transcript

23:29 - 23:30

Ok, so we're done with that. Oh, Nancy, do you have anything you want to report on?

- Nancy

23:37 - 23:46

No, I don't, I think the only thing I would say, in reference to the library is, they are open now for people to go in Anytime.

- Norma

23:47 - 23:47

Oh, good.

- Nancy

23:48 - 24:05

They were doing just reservations are appointments only, but now I believe that they're open full-time, so it seems to be, You, know, they're not getting flecked with people, but it seems to be doing very well, so, yes, that's all I can think of things. It's been pretty quiet, which is nice.

- Norma

24:07 - 24:08

Yeah, it is. Michelle, do you have anything?

- Michelle

24:11 - 24:13

The next chamber meeting is this Thursday. At four o'clock?

- Norma

24:16 - 24:18

Ok.

- Michelle

24:18 - 24:25

And senior centers still closed, and I haven't sat down with the police chief in a bit.

- Norma

Village of Clayton Board Meeting Transcript
November 9, 2020

24:27 - 24:38

Ok, today I had an opportunity to talk to a student from Coastal Carolina, who is actually from Alexandria Bay, I think. And he's home, because they had the opportunity to do not to go back to school, and they could do it remotely. He's in his this last semester, he's doing a journalists report on the historic project downtown. He'd done quite a lot of research, and, so, we just wanted some extra information, and he said he would send us the report we got done with it. So, it was kind of interested in starting from A-bay, came here, talk about the historic district of ours, so that was nice. And the good news from CLDC is, we got a \$500,000 grant public four years ago anyway, and we've never been able to build a grant for anything because it, 50% of the work had to be done. So, we've met that threshold and beyond, so, Kristi, sent them an invoice for \$364,892, so that'll be a reimbursement on that grant. So, that's good, those, that's the first one we've been able to do on all the grants, so get that money coming back. And we had a call from the Cemetery Association, they would like 8 or 10 people to meet there on the 24th, at 7, would that be a huge issue? I know you don't want people using the building. But, People don't have their home big enough that they normally do, and they want to be able to social distance where mange through everything.

- Michelle

26:19 - 26:26

I think my only concern is extra work for Terry and his guys, but Terry, we can.

- Norma

26:26 - 26:28

Well, it'd have to be Sanitized anyway.

- Michelle

26:29 - 26:29

Ok.

- Norma

26:30 - 26:31

Yeah.

- Michelle

26:33 - 26:35

I think 8 or 10 as a cap.

- Norma

26:37 - 26:41

It's courtesy more than anything else, but they do need a place to meet. So I would ask that if they can I'll go up and unlock on the Tuesday night, I think, so I can do that and ..., and then the police department can close it up.

- Michelle

26:55 - 26:58

Yeah, as long as it's not more than 10 people, I don't see a concern.

- Norma

26:59 - 26:59

Yeah, OK. Is everybody else, OK, with there.

- Nancy

27:02 - 27:02

Sure. Yes, I'm fine with that. And this is just like a once a year meeting, Norma?

- Norma

27:07 - 27:09

Yes, it is that's all they need is once a year.

- Nancy

27:09 - 27:11

All right, that's fine. Thank you.

- Norma

27:12 - 27:25

Ok, on the AUD the draft is done, there's only one question left for Tina toward she's working with Laird Petrie from Office Of the Comptroller's Office. They don't know just how to account for the money for the private property is downtown, they have to pay for their conversion, and so they're trying to figure out what box, you put that in, As soon as they get that, don't know, that will be ready to go, and last year, we didn't get it filed until December. So I think we're a little bit ahead of that. And one day last week I got a call from the Comptroller's Office and then we will follow up on how this will all happen to do an audit in Clayton. It will be from June 19 until current and it'll start sometime after Thanksgiving. So, tonight, or in the morning, I'll send out to the board, the protocols and all the things that, they know, the expectations are, most of, it will be done virtually. The actual

auditor lives in Syracuse, so he can run up here if you need something. So, on Friday, Alicia and Tina and I kind of talked about it so we can. Tina has been involved in this for awhile and to be quite honest with you on this, we're in pretty good shape for, now, much better than we would have better if they showed up three years ago. So, they will be on site sometime after Thanksgiving, that's going to happen. In the Village park over here, you know, we did the upgrades to it and kind of spiffed it up in 2015, but the tire or issue that they had, or whether those huge tires, that kids, because that was put in in the eighties when it was originally done. It is referred to as a tire trench. And Terry's had, their tires are put into concrete, and then they, and then you gotta try to pull them all. It took another one out this fall. So I'm trying to work with others to come up with something that could replace it. I think we would be able to find some funding locally, to help, rather than grown down, Like we did the last time trying to put a plan together to replace the tire trench with something else, soon as I get something similar to see people doing, but I hate to see piece by piece have it fall apart. And there will be no holiday party this year on December 9th. So, don't plan that, you got an open like day to do something fun. It's also the same that, the ninth is the joint meeting. So, mark your calendars to tune into John Condino's presentation, on the 17th. So, he's gonna go into depth with the public so everybody will be on board. Does anyone else have anything? On the board? Does anyone in the public this on the line have something?

- Michelle

30:39 - 30:41

Actually, Mayor.

- Joe Chrisman

30:42 - 30:42

Go ahead.

- Michelle

30:43 - 30:44

Ok, Joe. I just wanted to say congratulations, to Nancy and Joe, Nancy, on her re-election, then Joe on his election to the Board.

- Nancy

30:53 - 30:54

Thank you, Michelle.

- Joe Chrisman

30:54 - 30:54

Thank you.

- Joe Chrisman

30:59 - 31:00

Yeah, this is Joe. Could you explain the grant again? You were breaking up when you were talking about it.

- Norma

31:08 - 31:09

And You're breaking up now? Run it Again. What have we got?

- Joe Chrisman

31:13 - 31:20

Could you explained that grant, again, you were breaking up.

- Norma

31:20 - 31:22

On, for this State, that \$500,000. Yeah, we got the about the same time, we got the million, but there's a lot of things that you have to do to get qualified to get your reimbursement and we've met the criteria. Now that so there are 364,000 that we're going to go, so that'll be good because if you look on the projects, there's some holes in it because we keep paying money and we have to wait for the money to come back in and replace it.

- Joe Chrisman

31:49 - 31:50

Thank you.

- Norma

31:54 - 31:54

Sure. Anyone else? If not, can I have a motion to adjourn?

- Steve Badour

32:05 - 32:06

I'll make the motion.

- Norma

32:09 - 32:10

Do I have a second?

- Jeremy Kellogg

32:14 - 32:14

I'll second.

- Norma

32:15 - 32:16

Second, Jeremy. Thank. You. Everybody's happy to go home. Stay safe everybody.
